LETTER OF INTENT

Re: Collaboration between London Sinfonietta and November Music 2027

To whom it may concern,

On behalf of London Sinfonietta, I am pleased to confirm our intention to collaborate with November Music as part of its 2027 festival programme.

The collaboration centres on a British-Dutch programme featuring two new works by composers **Ben Nobuto** (UK) and **Rick van Veldhuizen** (the Netherlands), to be performed by London Sinfonietta at November Music 2027 in 's-Hertogenbosch.

As part of this collaboration, London Sinfonietta intends to perform the same programme at **Muziekgebouw aan 't IJ in Amsterdam**, a partner of November Music. In addition, we are committed to exploring opportunities to present Rick van Veldhuizen's new work in the United Kingdom, extending the life and international reach of the commission beyond its performances in the Netherlands.

We greatly value this collaboration with November Music and its commitment to creating and presenting new music, supporting composers and fostering international exchange. We look forward to working together towards the realisation of the project in 2027, which would in fact be the first time the London Sinfonietta has performed at the November Music festival.

Yours sincerely,

Andrew Burke
Chief Executive & Artistic Director
London Sinfonietta
